QUALITY ASSURANCE FROM A UK MANUFACTURER

MAC International takes manufacturing very seriously. Support via our national distributor network is guaranteed, with installation and after sales service and backup available.

Quality assurance is a constant part of the offering from MAC International. We are independently certified to ISO 9001:2015 for our quality management system and all equipment conforms to UKCA, UKNI and CE standards EN ISO 12100:2010, EN 60204-1:2018+A1:2025, EN 60335-2-79:2021, EN61000-6-3:2021.

Our manufacturing facility is also certified to ISO 45001:2018, for health and safety.

MAC INTERNATIONAL WORKING HARD FOR THE ENVIRONMENT

NET ZERO 2030

MAC is operating a strict environmental policy and an action plan, as part of our ISO 14001:2015 accreditation.

Our ISO 14001 certification ensures we carefully consider our environmental responsibilities for both our manufacturing process and the products we provide.

Offering pressure washer equipment that reduces CO_2 emissions is vital. Ensuring our production facility conforms to the latest ISO standards for Quality Management, Health & Safety and Environmental operations is critical in pushing towards a NET Zero position by 2030.

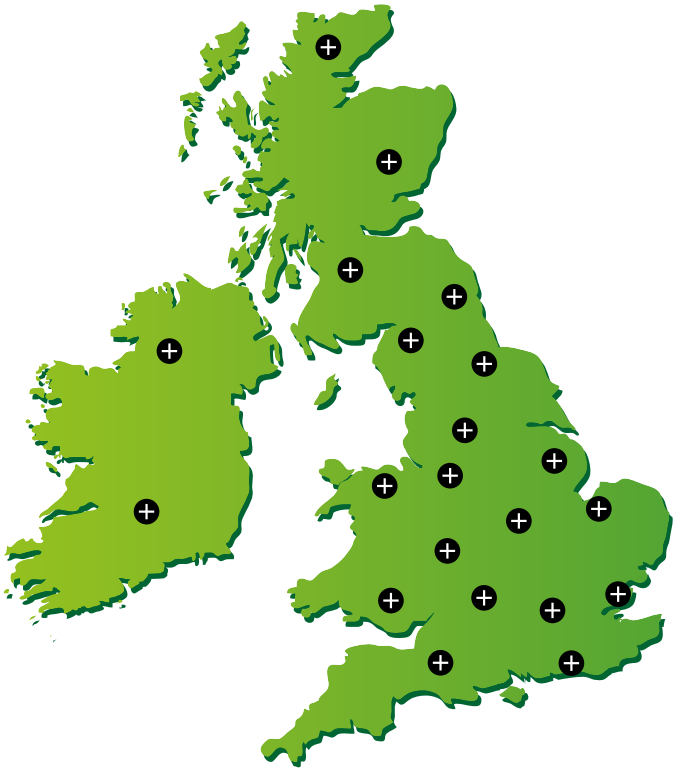

OUR COMMITMENT TO REDUCING CO_2 EMISSIONS BY 2030

TOGETHER FOR OUR PLANET
